

Competence 4

The ability to undertake accurate gauge calibration, testing and maintenance within the dive system

This meets the requirements of IMCA C003/D/D 12/000/04/05/07

Candidate Name:		Date:	
Activity Number (1,2, or 3):			

Performance Criteria: all of these must be assessed over a minimum of 3 work activities

Type of Evidence: Observation (O), Work Product (P), Written (W), Questioning (Q), Not Covered (N/C) or Not Applicable (N/A)

Performance Criteria		Type of Evidence
a)	Demonstrates the ability to safely isolate gauges and remove from an integrated system in accordance with company guidelines	
b)	Demonstrates the ability to measure calibration accuracy of gauge, ensuring it is within defined parameters for use	
c)	Demonstrates awareness of common gauge calibration errors	
d)	Demonstrates methods of correcting common gauge calibration errors	
e)	Demonstrates awareness of circumstances leading to condemning of gauges or returning to supplier	
f)	Demonstrates the ability to safely reintegrate gauges into integrated systems and housing panel	
g)	Demonstrates the ability to comply with company certification and recording systems	
h)	Is aware of the appropriate use and limitations of the various gauge types encountered and the service conditions for each type of gauge
