

## Competence 1

The ability to install geotechnical systems

|                              |  |       |  |
|------------------------------|--|-------|--|
| Candidate Name:              |  | Date: |  |
| Activity Number (1,2, or 3): |  |       |  |

**Performance Criteria:** all of these must be assessed over a minimum of 3 work activities

**Type of Evidence:** Observation (O), Work Product (P), Written (W), Questioning (Q), Not Covered (N/C) or Not Applicable (N/A)

| Performance Criteria |  | Type of Evidence |
|----------------------|--|------------------|
| a)                   | Demonstrates knowledge of deck operations planning   |                  |
| b)                   | Demonstrates the ability to liaise with marine crew with regard to deck operations and equipment installation during mobilisation and demobilisation |                  |
| c)                   | Demonstrates knowledge of geotechnical systems deck space requirements   |                  |
| d)                   | Demonstrates knowledge of the issues, including safety, relevant to installing geotechnical systems e.g. on platforms or ashore                      |                  |
| e)                   | Demonstrates the ability to liaise with third parties and ensure all necessary documentation and permissions are obtained                            |                  |
| f)                   | Demonstrates knowledge of statutory regulations affecting radio frequencies and expertise to ensure compliance with such regulations                 |                  |

|   |  |       |  |
