

Competence 5

The ability to assist in the management of subsea engineering projects

This meets the requirements of IMCA C001/M/A10/B03, 5, 6, 9/01

Candidate Name:		Date:	
Activity Number (1,2, or 3):			

Performance Criteria: all of these must be assessed over a minimum of 3 work activities

Type of Evidence: Observation (O), Work Product (P), Written (W), Questioning (Q), Not Covered (N/C) or Not Applicable (N/A)

Performance Criteria		Type of Evidence
a)	Can assist in the production of deck layouts for offshore projects	
b)	Understands the capabilities of the vessel services that relate to the project, e.g. power, hydraulics, data communications	
c)	Ensures that project equipment can be operated by the vessel/site services and is aware of vessel/site interfacing requirements	
d)	Assists in the mobilisation and demobilisation of project equipment, including adequate control of project certification packages	
e)	Demonstrates the ability to solve technical problems associated with project	
f)	Demonstrates the ability to communicate information relating to technical problems to project personnel	
g)	Can liaise with other disciplines to help solve technical problems	
h)	Is familiar with all aspects of project life cycles	
i)	Demonstrates the ability to assist in the communication of project workscopes to the Project Team, both verbally and through written instructions
