

Competence 7

Co-ordinate vessels during at least one of the following operations: towage/anchor handling/vessel-specific crane operations/diving/dynamic positioning - as specified in the assessment plan

This meets the requirements of IMCA M/A20/W03 to W07/04

Candidate Name:		Date:	
Activity Number (1,2, or 3):			

Performance Criteria: all of these must be assessed over a minimum of 3 work activities

Type of Evidence: Observation (O), Work Product (P), Written (W), Questioning (Q), Not Covered (N/C) or Not Applicable (N/A)

Performance Criteria		Type of Evidence
a)	Oversees operational procedures relating to the safe operation of machinery and equipment onboard different vessels operating on site	
b)	Establishes, monitors and enforces safety zones around critical operations	
c)	Tracks personnel, assets and operational progress	
d)	Administers and uses Permit to Work systems	
e)	Ensures DP operations and limitations appropriate to the project, including approach plans, to include: lifting (surface to subsea)/diving/construction/survey/PTW systems/tides and tidal windows	
f)	Understands and ensures compliance with: chart datum requirements for anchor locations/surveyed footprints and jacking plans	
g)	Understands and ensures compliance with company procedures/codes of safe working practice applicable to the specific operations/stability booklet/international regulations for the prevention of collisions	
h)	Understands and ensures compliance with company emergency/contingency procedures applicable to the specific operations	
i)	Can interpret weather and operational limitations at specific project sites	
j)	Assessor - I have discussed the above performance criteria with the candidate and confirm that they have the underpinning knowledge to support their performance in these criteria	
k)	Candidate - write a short report (250 words max) on how you achieved these criteria over the three assessed work activities
