

Competence 7

Command and control the vessel during at least one of the following operations: anchor handling/vessel-specific crane operations/diving/dynamic positioning

This meets the requirements of IMCA M/A17/W04 to W07/03

Candidate Name:		Date:	
Activity Number (1,2, or 3):			

Performance Criteria: all of these must be assessed over a minimum of 3 work activities

Type of Evidence: Observation (O), Work Product (P), Written (W), Questioning (Q), Not Covered (N/C) or Not Applicable (N/A)

Performance Criteria		Type of Evidence
a)	Monitors and maintains vessel position whilst deploying and recovering anchors	
b)	Deploys anchors, buoys, chaser pennants/piggy-back anchors	
c)	Monitors and maintains vessel position whilst anchored	
d)	Mitigates against anchor line failure	
e)	Maintains command and control of the vessel whilst managing a mooring system failure	
f)	Reacts appropriately to an anchor, mooring line or winch failure	
g)	Understands and can interpret survey data from positioning equipment to locate anchors	
h)	Operates the crane to the requirements of the crane operations manual and vessel stability booklet	
i)	Manages the hooking and slinging of loads	
j)	Ensures the maintenance of the crane to the requirements of the crane operations manual	
k)	Maintains command and control of the vessel during diving operations	
l)	Ensures appropriate positioning of diver deployment equipment in relation to the work site and vessel, in accordance with maximum excursion umbilical lengths	
m)	Ensures appropriate positioning of diver deployment equipment in relation to the work site, vessel and subsea hazards	
n)	Maintains command and control of the vessel whilst managing a diving emergency	
o)	Oversees recovery and hyperbaric evacuation systems and procedures	
p)	Maintains command and control of the vessel while operating in dynamic positioning mode	
q)	Maintains command and control of the vessel whilst reacting appropriately to a DP system failure	
r)	Manages the initial stages of a DP failure and provides support in an emergency situation	
s)	Oversees the transition from automatic to manual operation of a DP vessel	
t)	MANDATORY - Understands and ensures compliance with company procedures/codes of safe working practice applicable to the specific operations/stability booklet/international regulations for the prevention of collisions	
u)	MANDATORY - Understands and ensures compliance with company emergency/contingency procedures applicable to the specific operations	
v)	MANDATORY - Can interpret weather and operational limitations at specific project sites	
w)	MANDATORY - Assessor - I have discussed the above performance criteria with the candidate and confirm that they have the underpinning knowledge to support their performance in these criteria
