

Competence 6

The ability to specify, plan and supervise the provision of positioning systems

This meets the requirements of IMCA S/S11/000//11

Candidate Name:		Date:	
Activity Number (1,2, or 3):			

Performance Criteria: all of these must be assessed over a minimum of 3 work activities

Type of Evidence: Observation (O), Work Product (P), Written (W), Questioning (Q), Not Covered (N/C) or Not Applicable (N/A)

Performance Criteria		Type of Evidence
a)	Demonstrates the ability to specify positioning requirements for a variety of project types	
b)	Demonstrates the ability to supervise the installation of surface positioning systems (including reception antenna)	
c)	Demonstrates the ability to plan use of surface positioning systems ensuring coverage and accuracy requirements are achieved	
d)	Demonstrates the ability to plan use of USBL acoustic positioning systems ensuring coverage and accuracy requirements are achieved	
e)	Demonstrates the ability to plan calibration of positioning systems to meet industry/client specifications	
f)	Demonstrates the ability to supervise the calibration of positioning systems calibration	
g)	(Where applicable) Demonstrates the ability to install LBL acoustic positioning systems (including hydrophones and transponders)	
h)	(Where applicable) Demonstrates the ability to plan use of LBL acoustic positioning systems ensuring coverage and accuracy requirements are achieved
