Job Summary:

A Grade I Dimensional Control Surveyor (Shore based) is regarded as someone who is conversant with survey aspects of marine survey operations.

Used offshore mainly in the field of Steel Jacket installation, inspection and de-commissioning, dimensional control combines precise measurements and 3D mathematical modelling, enabling objects to be surveyed, analysed and compared with their original designs

They can successfully participate in the Survey Project Team during operations and will report directly to the Senior Surveyor.

The Grade I Dimensional Surveyor (Shore based) is expected to coach and assess junior members of the Survey Project Team in line with the Competence Management Programme.

Entry Level Specifications:

- Nominally 12 months including 80 days operational experience as a Surveyor Grade II OR Relevant Industrial, military or academic experience in Survey discipline

Competencies:

- 1) The ability to demonstrate and understand standard Dimensional Control survey principles and how they are used during Dimensional Control Surveys
- 2) Complete the Grade I Core Competences (1-4)
- 3) Complete the Grade II Surveyor Competences (1-10)
