Survey Party Chief

S/S01/000

Job Summary:

A Survey Party Chief is regarded as someone who is fully conversant in all aspects of marine survey operations.

They can successfully lead and manage the Survey Project Team during operations and will report directly to the project manager.

The Survey Party Chief is expected to coach and assess members of the Survey Project Team in line with the Competence Management Programme.

Entry Level Specifications:

- Nominally 48 months relevant industry experience
- Satisfactory completion of competence criteria and about 400 operational days experience in the role, for at least one of the following:
 - Senior surveyor
 - Senior survey engineer
 - Senior data processor
- Satisfactory completion of competence criteria for at least one of the following (but not the same skill as used above):
 - Grade I surveyor
 - Grade I survey engineer
 - Grade I data processor
- Valid and current offshore medical certificate that is acceptable in the region of the world in which they are employed
- Valid and current offshore survival certificate that is acceptable in the region of the world in which they are employed

Competencies:

- 1) The ability to implement, administer and develop company health, safety, environment and quality arrangements
- 2) The ability to interpret and supervise company emergency procedures
- 3) The ability to implement effective personnel management skills
- 4) The ability to use project management systems and software
- 5) The ability to assess and interpret the effect of a changing marine environment on the project
- 6) The ability to supervise the efficient use of survey systems
- 7) The ability to manage and administer the survey project
